

Politician in the Media

Team Name Here

November 29, 2024

1 Introduction

Provide an overview of your project and summarize the key findings.

2 Data

Describe the dataset, including the number of articles, sources, and any filtering or sampling decisions.

3 Methods

Explain the methodology used for topic and sentiment analysis.

4 Results

Present your findings, including topic characterizations and sentiment distributions.

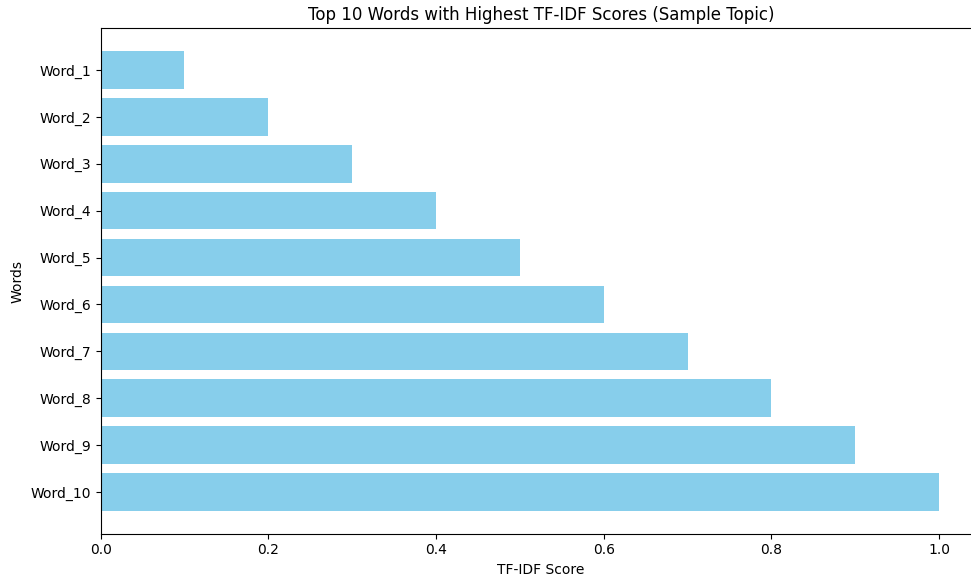

Figure 1: Top 10 words with the highest TF-IDF scores per topic.

5 Discussion

Interpret the results and discuss their implications.

6 Group Member Contributions

Detail the contributions of each group member.

7 References

Include references here in AAAI format.
